

UNICORN RIDERS

CRAFTY PARTY ACTIVITY

MAKE YOUR OWN UNICORN HORN

Set aside an area for this crafty activity and get creative! These are so fun to make and each guest will have a magical unicorn horn to take home with them at the end of the party!

- You might want to cover the table in newspaper, a paper table cloth, or supply a paper plate for each child to use as a workspace. Having a packet of wet wipes on hand is always good for sticky fingers.
- This craft activity is ideal for children 5+ with supervision. Colouring sheets are also available so that younger children can participate.

Materials You Will Need

- Coloured cardboard/cardstock paper – one sheet per guest
- Craft glue in a small plastic bowl/container
- Small paint/craft brush (for use with glue)
- Glitter
- Coloured ribbons cut into lengths
- Plastic (craft) flat-back rhinestones, various colours
- Hat elastic

Instructions

1. Make a cone shape with cardboard/cardstock paper. Glue the paper along the fold and hold until set. This becomes your unicorn horn.
2. Assist guests in punching holes either side of the unicorn horn and thread a length of elastic through each hole, tying at each end.
3. Brush glue over the unicorn horn.
4. Sprinkle glitter onto the horn (do this over a paper plate to catch the excess).
5. Wrap two or three pieces of ribbon around the horn starting at the tip and working your way down. Space the ribbons a few centimetres apart as you spiral down to the base of the horn. Make sure the ribbon sticks firmly to the glue.
6. Place various coloured rhinestones at intervals on the unicorn horn.
7. Then you have a glittery, magical Unicorn Horn!
